

Works of art by the Art-East Therapeutic Art Group in the Recovery Garden, located on the corner of Manchester Street and Cambridge Terrace.

Art-East

is a multidisciplinary art group that grew from Drug-ARM Christchurch, where members can explore art processes such as drawing, painting, mosaics, stone-carving, papermaking, woodburning, printing and sculpture, for an opportunity to experience something creative and new within a supportive environment.

- Therapeutic Art Group
- Creative Connection
- Creative License
- Creative Crafts

Art East

Connecting with the community through the arts.

Our Vision

Through Art-East, we give opportunities for our members to connect with the community through the arts.

Our Groups

Art-East is made up of four groups: Therapeutic Art Group, Creative Connection, Creative License and Creative Crafts.

Here, members will be able to develop their creativity as they try out different mediums and artistic processes. Trips to local galleries and attractions happen regularly so that members can have a well of experiences to take inspiration from.

“
**THANK YOU
FOR THIS GROUP.
IT'S BEEN MORE
THAN I COULD
HAVE DREAMED OF
AND IS HELPING
ME HEAPS DAILY.**

The groups will have open access to the Art-East Studio where they will be able to learn from practicing Ōtautahi artists and connect with the broader arts community.

Art-East welcomes everyone and there is an opportunity for a friend or support person to join you which can be discussed during the enrolment process.

Group Outcomes

For some, Art-East has been a way to tap into or rediscover their creative potential.

For others, Art-East has been their place to truly connect and form a sense of belonging within a supportive community.
